

Canvas ME Action Plan

Create assignments that require students to post their work to Canvas ME throughout the curriculum.

Once students hit the floor require them to post their before during and after looks on their portfolios.

During career fairs instruct students to print out their canvas me resume + QR codes for businesses to scan. Have them present their portfolios to businesses that attend. If businesses have career opportunities on Canvas ME encourage students to scan the business QR code and apply right away.

**Celebrate!
You're Done :)**

Students can continue to leverage their portfolios to level up at every level of their careers beyond school! Brand educator roles, mentorships, back stage and more.

Congratulations on empowering your students with the ability to market themselves worldwide!
